Once for Proper Protection
Along the Border.

ARMORED CRUISER SAILS

Special Train is to Carry Amer-
icans from Mexico to
Vera Cruz.

SAN ANTONIO, June 20.—General Funston today requested the war department to send him as soon as possible a large part of the national guardmen to be stationed along the Mexican border "from Brownsville to the Pacific ocean."

General Funston did not make public the exact number requested but said he had asked for enough to provide "adequate protection" of the border. He also withheld the names of the stations to which the guardmen would be sent although admitting that a considerable force would be mobilized at San Antonio as a reserve.

ARMORED CRUISER IS SAILING TO MEXICO

SAN DIEGO, Calif., June 20.—With Admiral Winslow, commander in chief of the Pacific fleet, aboard, the armored cruiser, San Diego, flagship of the Pacific fleet, sailed from this port today for either Guaymas or Mazatlan, Mexico.

A SPECIAL TRAIN WILL CARRY AMERICANS OUT

WASHINGTON, June 20.—Special Agent Rodgers at Mexico City notified the state department today that he was arranging for a special train to take Americans and other foreigners from Mexico City to Vera Cruz. He said he would remain at his post. Mr. Rodgers' message told the state department that the Mexicans were planning to meet the train at the station and that the train would be carrying a large number of Americans.

FULL WAR STRENGTH IS SOON TO BE GOTTEN

PHILADELPHIA, June 20.—Recruiting was proceeding rapidly today throughout Pennsylvania, New Jersey and Delaware, and it was predicted by officials in charge of the work that the different national guard units would be brought up to full war strength within a short time. Some of the organizations had already been filled and were awaiting orders to move to the mobilization camp at Mt. Gretna.

Governor Brumbaugh's order of mobilization, which was received by brigade commanders today, was that all units must go to camp with at least minimum peace strength and that recruiting should continue at the home station under the direction of first lieutenants.

Prospects of active service in Mexico also stimulated recruiting here for the regular army and a new high record was established yesterday in the number of applicants for one day. All the men accepted will be assigned to the cavalry. The Pennsylvania Aero Club offered the services of five aviators with their machines.

FIRST REGIMENT IS EAGER TO GO

And a Request is Made to the
War Department to Let
It Go.

CHARLESTON, June 20.—Kanawha City, three miles from Charleston, will be the place of mobilization of the Second regiment of infantry, West Virginia National Guard, preparatory to the movement to the Mexican border. This was made known last night through Adjutant General John C. Bond, who had been informed of the change from Terra Alta as the place of mobilization, by Governor Hatfield.

The change was brought about through the efforts of Governor Hatfield and United States Senator W. E. Chilton.

The fact that the federal government wants the militia under its direction was learned throughout West Virginia today with interest, but no attending excitement. In every city or town where there is a company of state soldiers orders from company commanders for the men to prepare

BOOSTER WEEK

In the Telegram's 10,000 Club
is a Busy One with Votes
Coming in Daily.

Booster week in the Telegram's 10,000 Club is a busy one. Votes are coming in daily and the interest in the campaign is increasing by leaps and bounds.

The members of the club realize that this is a very generous offer in which they have a chance to create a reserve, that they would have to work hard for later on. While this week's offer is not as large as that of last week, it will be the largest offer in force during the campaign and it will pay you to work hard now as the following offers are going to be smaller each week.

The winner will be determined by the one who has secured the most votes and not the one that turns in the most money. If it is votes that you need, why not work the hardest when you can get votes the easiest?

We are adding new members daily and today's list shows quite a number of new ones. While these members did not start at the beginning, they have as good a showing as anyone, and no one has the car won as yet. The campaign is barely under way and there is lots of room for new members. To you who have not sent the nomination in, do it today.

In Northern Mexico in Preparation for Possible Hostilities with American Troops.

EL PASO, June 20.—Hunger is swelling the army that General Carranza is recruiting in northern Mexico in preparation for possible hostilities with the United States, according to stories brought here today by Americans arriving from the interior. Peons, who for sometime have been on the verge of starvation, have been flocking to his standard in the last few days in return for promises of food and clothing, they said. No applications have been rejected, according to stories, which told of boys ten and twelve years of age and old men being recruited.

One of the arrivals, an American business man of Mexico City, estimated that there are now 25,000 Carranza troops in Chihuahua state of whom about 2,000 are in Chihuahua City, 4,000 in Juarez and 5,000 in Villa Ahumada, the northern Chihuahua base, which is ninety-three miles south of El Paso. The remainder practically surround the American expeditionary command on the south, east and west. He said also that several thousand troops, which had been at Chihuahua recently were sent toward San Antonio and Matamoros, ostensibly to be stationed along the line of the Mexican Northwestern railway, southwest of General Pershing's command.

The refugees brought with them graphic stories of economic conditions. One man said that he and his fellow passengers would have starved had not the train stopped long enough at times to allow them to get out and eat raw beans from fields.

"The Mexicans are desperate," a refugee from the El Valle said. "Even though their attitude otherwise might be friendly, hunger is apt to force them to attack an American supply train."

MT. CLARE, June 20.—Mrs. W. S. Law was taken seriously ill on last Saturday night about 10 o'clock. Upon the arrival of Dr. Livesey it was soon learned that the much dreaded appendicitis was the cause of her suffering, and she was taken to one of the Clarksburg hospitals on the 4 o'clock interurban car, where she underwent a surgical operation the same evening. Reports from the hospital Monday indicated she was getting along fairly well.

Mrs. Worthy Davis, of Mineral Springs, who has been very poorly with tubercular trouble for some months, is reported to have been in a precarious condition for several days past.

A. C. Workman left Monday for Charleston, where he will be in the employ of E. L. Long.

Home E. H. Long, of Weston, was transacting business in our town Monday.

Carl Meredith and Emory Rowe were Monongah visitors Sunday.

C. L. McKinney was a recent Clarksburg visitor.

Mrs. Arlie Matheny was shopping in Clarksburg recently.

The funeral obsequies of Miss Olive Malone, conducted by the local pastor, the Rev. H. B. Workman, were held in the Methodist Episcopal church at this place, attended by a large concourse of sorrowing and appreciative friends who came to pay a last tribute of respect to the one whom all had learned to admire. The services consisted of a touching invocation by the pastor, several selections of songs by a hastily selected trio of singers with piano accompaniment, also a song "Looking This Way," which was most impressively rendered by nine young ladies near her age, all of whom had formerly been her classmates in school here, and all dressed in white. It was a touching incident of the occasion. A half dozen young ladies, all dressed in white, and as many young men, all classmates of the deceased in the Reynoldsville school, accompanied the body here. The men served as pallbearers and the ladies as honor pallbearers. The talk by the pastor over the body, whom he had not yet over seen, was beautiful and impressive, and made a profound impression on many who heard it. The

American Note Rebukes Carranza Government for Discourteous Distemper.

READY TO GIVE DENIAL

Lansing is Reluctant to Believe Carranza Desires America to Capture Outlaws.

WASHINGTON, June 20.—With President Wilson's firm refusal to withdraw American troops from Mexico on its way to the de facto government embodied in a note sternly rebuking the whole course of General Carranza in the situation which has brought the two countries to the verge of war, the administration continued today its preparations to meet any emergency that may arise.

War or peace rests with General Carranza. The position of the United States is pointedly set forth in its review, the apparent inability of Carranza to prevent border raids and to keep the obligation he owes the world by the preservation of order in his dominion.

Copies of the note were furnished to all the foreign embassies and legations and a summary cabled to Special Agent Rodgers at the Mexican capital for his information.

WASHINGTON, June 20.—The American note flatly rejecting Carranza's demands for the withdrawal of United States troops from Mexico and rebuking the Carranza government for the discourteous temper of its last communication was handed today to Eliseo Arredondo, the Mexican ambassador designate.

Long continued outrages against Americans and their property both in Mexico and on American soil are reviewed in the note and warning given that the troops will be kept in Mexico until the de facto government performs the duty which the United States has not sought.

It concludes with the statement that if the de facto government continues to ignore this obligation and carries out its threats to defend its territory by an appeal to arms against the American troops, the gravest consequences will follow.

"While this government would deeply regret such a result," says the note, "it cannot recede from its settled determination to maintain its national right and perform its full duty in preventing further invasions of the territory of the United States and removing the peril which Americans along the international boundary have borne so long with patience."

"I am reluctant to be forced to the conclusion which might be drawn from the circumstances," Secretary Lansing declared, "that the de facto government in spite of the crime committed and the sinister designs of Villa and his followers did not and does not intend or desire that these outlaws should be captured, destroyed or dispersed by American troops, or at the request of this government, by Mexican troops." The purpose of the United States government towards Mexico questioned in the last Mexican note are announced in the following language:

"If a denial is needed that this government has had ulterior and improper motives in its diplomatic representations or has countenanced the activities of American sympathizers and the American press opposed to the de facto government, I am glad most emphatically to deny it. It is, however, a matter of common knowledge that the Mexican press has been more active than the press of the United States in endeavoring to inflame the two peoples against each other and to force the two countries into hostilities."

DRIVEN OUT

Of Mexico Are Americans after Being Held under Armed Guard a Day.

DOUGLAS, Ariz., June 20.—One hundred Americans, including about twenty women and children, arrived here early today from Nacozari, Mexico.

Early Sunday morning the official message of Governor De La Huerta, calling on the citizens to arm themselves, was received in Nacozari and Pinal, twin mining towns. In Pinal the miners rounded up all Americans and held them under armed guard for twenty-four hours.

In the meantime arms were distributed in the plaza to all persons, even women, girls and boys who applied for them. Similar scenes were enacted in Nacozari, although Americans were not molested there. Monday, under orders from General Calles the prisoners in Pinal were released. At 5 o'clock orders came from Consul Frederick Simpich that foreigners must leave Mexico at once.

floral offerings were both elaborate and beautiful. Nothing was lacking to show the appreciation of the people everywhere for the departed one whom they all admired. Two Charleston Companies Are Already on the Site at Kanawha City.

CHARLESTON, June 20.—The two Charleston companies of the Second regiment, West Virginia National Guard, took over the camp site at Kanawha City, near here, this morning to put it in shape for the remainder of the command. The three Huntington companies were expected to be in camp tonight and the other companies will leave their armories in the southern part of the state so as to arrive tomorrow morning. When the call was issued the regiment numbered 900 officers and men but recruiting has been active and it is expected the regiment will be recruited to full war strength in the next few days. Many of the new men are veterans of the Spanish-American war. The mobilization camp is about a mile from this city. It is close to the rifle range on which a large proportion of the soldiers has qualified as marksmen.
